

The area of cooperation is focused towards identifying common areas of research and innovations. Such interaction may include cooperation in a variety of joint academic and educational activities such as:

- Joint research projects and publications, including work by undergraduate, post graduate, doctoral and post doctoral students at the partner institutions.
- Faculty and student exchanges
- Joint conferences and workshops
- Visit by faculty and students
- Joint development of courses and programs

Cooperation in Education and Research

Objectives:

1. To appoint an expert team headed by the Nodal officers of response to coordinate and ease the process of joint development of curriculum and research objectives.
2. To interact and identify common areas of research leading to development of joint multicentre projects which can be conducted and published together.
3. Conduct on site needs assessment, identify strategically suitable faculty who will take the programme forward as Research Supervisors / Programme mentors.
4. Financial planning to secure funds, fix course agendas and fees structure and develop time bound plans for project implementation.

The primary conducts for this MOU are Prof. Dr. Anisha Cynthia Sathiasakar, Principal for Rajas Dental College & Hospital (RD&H) and Prof. Dr. R.
